**TOWN CLERK'S REPORT FOR 1994**

At least one old familiar face remains - in the Town Clerk's/Tax Collector's Office - and we have added a new face in 1994. Laurie Carroll Zilisch agreed to assume the duties of Deputy Town Clerk/Deputy Tax Collector during the summer. She has been a wonderful addition, with her keen accounting skills and great sense of humor (which helps in this office).

In spite of attending the spring workshop for Town Clerk's, the State has still failed to issue this office renewal stickers. I share the frustration of the townspeople that a trip to Troop E in Tamworth is still necessary - but one of these days, we will be back in the sticker business in Effingham. The office has continued to send reminder postcards each month for vehicle registrations, and we have appreciated the thanks and nice words for this service.

**RABIES IS SPREADING IN NEW HAMPSHIRE - BE SURE YOUR PET'S IMMUNIZATIONS (INCLUDING CATS) ARE CURRENT!** This is a major health concern that we all need to address. Once again, this office will offer a Rabies Clinic on Saturday, April 1st from 11:00 AM until Noon. The cost for both dogs and cats remains \$8.00 and Dr. Flood of Acton Veterinary Services will again be conducting the clinic. Licensing for dogs will also be available at this time, with the following fees charged:

Altered Dogs	\$6.50
All Other Dogs	9.00
Owner Over 65	2.00

Reminder cards about both the Rabies Clinic and the required licensing of dogs by April 30, 1995 will be mailed to all persons who registered dogs in 1994.

Absentee Ballots will be available for anyone who cannot vote in person at the Town Election on Tuesday, March 14, 1995. Please call or write to request the necessary forms. Absentee Ballots (except for Armed Forces Ballots) must be received by Monday, March 13, 1995 at 5:00 PM.

Laurie and I have tried to be responsive to all requests for information and service. We will continue to strive to meet the needs of the townspeople as best we can in the future.

Respectfully submitted,

Andrea S. Hubbard

#### EFFINGHAM CEMETERY TRUSTEES REPORT

We are unable to give an accurate report of finances or work done on the cemeteries because of the lack of records. The books are presently with the auditors, Grzelak & Co.

The balance given in the 1993 Town Report as \$647.31 as of 12/31/93 was incorrect. When the checkbook and bank statements were retrieved from Geneva Thompson, there were no vouchers to support the checks written. Therefore, it has not been possible to determine where much of the work was done. Since bank statements had not been reconciled, and the checkbook balance did not agree with the balance as shown by the bank, we decided to use the bank's balance until such times as Grzelak can provide us with a reconciliation of the account.

First NH Bank balance as of 7/27/94	\$578.17
Work done in October	<u>-126.00</u>
Balance as of 12/31/94	\$452.17

This is only an estimate based on information available. When an audited accounting of the funds is available, it should be turned over to the Trustees to be elected on 3/14/95.

Since most of the equipment was in need of repair when returned, some thought had been given to having the maintenance done by a contractor with equipment. This decision will now lie with the newly elected Trustees.

Board of Selectmen acting as  
Cemetery Trustees

## **Effingham Volunteer Fire Department**

The Effingham Volunteer Fire Department in 1994 showed a roster that remained stable during the past year. Three members completed the fire fighter career level course. The course was sponsored by O V M A A. Twelve business and various work details and several training sessions were conducted. The Dept had a large diameter hose training session at Old Rt 25 Effingham Falls. Repaired dry hydrant at Station # 2.

The Effingham and Wakefield Departments had a course on class A foam (8 hours).

The Effingham Fire Dept, Ossipee Valley Mutual Aid and the Carroll County Sheriff's Dept. are continuing a major communications study. Working on getting three new Radio Tower sites (Green Mtn - Red Hill - Tyrol)

A new deep well and pump was installed at Station #2. The complete interior of #2 Station has been insulated and painted.

The Effingham Fire Dept. was able to purchase the following equipment in the past year: Class A Foam to aid in fire suppression; 600 feet of 2" hose; 4 new pagers; 2 new nozzles; upgraded part of the member turn out gear; 4 draw fire proof file cabinet, jointly purchased by EFD and Rescue; 6 new SCBA alarms; Forestry goggles were purchased for all members. The Dept. continued it's membership in NFPA and updated the NFPA codes manuals.

The following is a list of runs in 1994:

16 Mutual Aid	7 Auto Accidents
3 Structures	1 Misc
1 Chimney	1 Petroleum leaks & spills
2 Woods Fires	6 Alarm Activations
1 Illegal Burn	4 Trees on Wires
1 Dump Fire	1 Smoke investigation

Total of 44 calls.

The officers of the dept. made numerous inspections of heating installations, Chimneys, Day care centers, Foster homes and Highwatch Facility. Also issued permits for unvented heater.

Please feel free to contact a Fire Officer for an inspection any time. 2C1 Richard W. Thompson (539-6370) 2C2 John Nitz (539-7570) 2C3 Jerry Pellerin (539-7951) 2C4 Sonny English (539-7484).

The Effingham Fire Dept. is always interested in new members. If interested Please contact any member.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 11, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

<u>Fire Statistics</u>	<u>1994</u>	<u>Average 1990-1993</u>	<u>Town of Effingham</u>
# of Fires Reported to State for Cost			
Share Payment	283	443	2
Acres Burned	217	246	.75

Suppression cost = \$90,000+

### Fires Reported by:

Lookout Towers 588      Detection Aircraft 89

Assists to other Towers: 363

Visitors: 21,309

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

## **Effingham Rescue Unit Report for 1994**

In 1994, Effingham Rescue responded to 68 emergency calls - an almost 50% increase since 1993. Needless to say, Effingham Rescue has made good use of our new rescue vehicle and equipment. We are hoping to purchase two Self-Contained Breathing Apparatus units in the near future to assist the fire department in smoke/rescue incidents.

The breakdown of 1994 responses is as follows:

45 Medical Aid  
7 Motor Vehicle Accidents  
5 Fire Department Assists  
11 Mutual Aid Calls

Monthly EMS District Meetings were attended by ERU personnel, as well as special pediatric trauma training and DART helicopter training. In addition, one member was certified as an EMT-I (Intermediate) and one member was trained as an EMT-D (Defibrillation). Planned training for 1995 includes an Auto Extrication course, and Incident Command and HazMat courses through the Ossipee Valley Mutual Aid Association.

Our line officers for 1995 are:

Stan Drelick, Captain  
Jim Applei, 1st Lieutenant  
Sue Pellerin, 2nd Lieutenant

Effingham Rescue has again received many generous donations in 1994, in addition to cards of thanks and telephone calls expressing gratitude. We will continue, as always, to strive to improve our response time and maintain our high quality of patient care. Effingham Rescue remains dedicated to the townspeople of Effingham and our surrounding communities.

Respectfully submitted,

Andrea S. Hubbard  
Secretary/Treasurer

## EFFINGHAM PLANNING BOARD

The Effingham Planning Board's schedule for 1994 was relatively open as economic growth has not as yet reached into this section of New Hampshire. One subdivision was approved and several boundary line agreements were granted.

There has been some confusion in the past several years about what the Planning Board can and can not do.

The Planning Board is designed to deal with the orderly growth of the town. However, what it can and cannot do, is clearly defined by state statute and beyond that point it takes additional regulation, whether zoning, building permits or town ordinance to do it.

Subdivision Regulations only apply to land that is being or has been subdivided. They do not apply to a lot of record. A lot of record is one that was in existence before the Planning Board was voted in by the town in 1972.

Planning Board Regulations do apply to every lot that has been subdivided since April of 1972 and to every lot of record if that lot is: "The legal division of a lot, tract or parcel of land into two or more lots for the purpose, whether immediate or future, of sale, rent, lease, use, occupy, give, lend, or building development." (section IV N. Subdivision Regulations)

There are a few, a very few exceptions to these two statements and anyone with any questions should contact the Planning Board and avoid any misunderstandings and possible fines.

Also, the Board does desire public input on any of its activities. If you have input that you believe would help the Board, please let us hear it. We do not pretend to have the solutions to every land use problem and we do contact the State on questions that we cannot answer. All meetings are open and we welcome fellow townspeople to attend.

Respectfully submitted,

Paul D. Potter  
Chairman

**TOWN OF EFFINGHAM  
TRANSFER STATION**

This year the town's new Transfer Station was constructed and went on line. Containers have been provided for all your different types of trash. One of the changes is in the cans and bottles. They may all be put together in the same container. This is called co-mingling and it is very effective in the recycling process. Our recycling efforts have more than doubled by doing this.

At this time, we are not allowed to take stumps or roof shingles or other hazardous waste.

The Town's people have been very cooperative at the new Transfer Station. It seems to me that everyone is doing their part. It has been a great three years serving you at the recycling area. Thank you all very much.

Sincerely,

Anthony Monafo  
Transfer Station Contractor

**TOWN OF EFFINGHAM  
LIBRARIAN'S REPORT - 1994**

After many delays, work has begun in the library. Shelves have been added and the library should be painted by Town Meeting. We are sorry for any inconvenience caused by the work being done.

We had an eight week reading program during July and August, led by Mrs. Katie Remmetter. In this well attended program, the children listened to and read stories, had projects and activities, and kept records of their summer reading. Upon completion of the program, Certificates of Achievement were presented to the children by McDonald's of West Ossipee.

Many thanks to Mrs. Remmetter for her time, effort and a job well done.

We have received many book donations again this year. Both children and adults should be pleased. Thanks again everyone.

The library has purchased 33 children books, 9 reference books, the Encyclopedia year book, plus magazines and the large print Reader's Digest Books.

Respectfully submitted,

Joyce VanTassel, Librarian

**TOWN OF EFFINGHAM  
HISTORIC DISTRICT COMMISSION**

The Effingham Historic District commission meets the second Thursday of each month at 7:30PM at the Town House. Twelve regularly-scheduled meetings were held during 1994 and proceedings included the approval of one application.

During the year, following investigation of complaints, it became necessary to reaffirm the responsibility of the Commission to assist people, either residents, landowners or those otherwise involved with activities along Hobbs Road, a Scenic Road. Specifically, destructive logging operations took place, the ramifications of which, if not remedied responsibly, would have significantly changed the landscape of this roadway which is part of its unique identity.

A designated Scenic Road provides favorable accommodation for pedestrians, bicycles and bridle paths, as well as for motorists. Hobbs Road, a Scenic Road, is a distinctive open way coursing through an area of natural beauty, healthy environment and historical character richly illustrating the past. It is a significant town resource and every reasonable effort is expended to protect it for the present and the future.

We do not seek to stop change. We try to master change by learning from the past and by working with the many boards and individuals who are committed to the challenge of shaping our future community while preserving for all time our treasured resources. In this regard, we are guided by thoughtful and responsive planning regulations and implementation strategies to help the town meet its future need and demands while preserving its sense of place.

The members of the Commission appreciate very much the continued support of the Townspeople.

Respectfully submitted,  
Natalie A. Lourie, Chair

Conservation Commission  
Annual Report - 1994

The Effingham Conservation Commission has the duty to monitor activities which may have a destructive impact on local wetlands. Forestry, shoreline activity, and steep slope management are among those areas involved.

The Commission works to maintain cooperation with loggers, landowners and lake shore property owners for the preservation of viable wetlands. While the response to these efforts are generally positive, there are some areas that need more constant supervision.

In April, the Effingham Earth Day spring roadside cleanup project was the most successful ever with many individual townspeople participating as well as some community groups. The Commission wishes to express thanks for a job well done.

The Commission is comprised of seven members and meets every third Tuesday of the month, with the exception of December. The meetings are at the town rooms at 7:30PM. Emergency meetings are called as necessary.

Respectfully submitted,

Patricia Leonard  
Secretary

## REPORT TO DISTRICT ONE CITIZENS

As your Executive Councilor for this Town and area, it is a privilege to communicate with you in this District of 98 Towns and Cities. The Executive Council is five in number and acts much like a board of directors at the very top of your executive branch of your state government. Our authority extends to the approval of contracts with out of state government organizations, municipalities, individuals and businesses. The judges in the judicial branch of your government all receive their appointment by nomination by the Governor and confirmation by the Executive Council.

All Community Development Block Grants receive final approval by the Governor and Council. The Governor and Council also act as the final approval on all Business Finance Authority loans. Major docks and mooring fields in state waters also must receive Governor and Council approval. There are dozens of boards and commissions established by law that require Governor and Council approval. There are 266 Commissioners and Directors of the various departments that require nomination by the Governor and confirmation by the Council.

As we look forward to 1995, citizens and local officials will be asked to bring forth recommendations for the 10 year highway plan for New Hampshire. Public hearings must be held in each of the northern district and will be asking the regional planning commissions to assist in this process.

Other items to be on the look out for would be getting applications for the some three million dollars worth of transportation enhancement projects. Much of this money is already obligated ahead. (Your local regional planning commission can be of help in this area). We in this district should be most aggressive in applying for some of the eight million dollars of Community Development Block Grant money through the Office of State Planning (271-2155) and your local tourist promotion or chamber of commerce should be dreaming of ways to apply for the some \$600,000 in matching grant money for area promotion. (Telephone 271-2411 for more information).

Citizens, local officials and local businesses should also be aware of the vast number of people in your state government who are available and willing to provide technical assistance and information for local and regional concerns simply by calling or writing my office.

New Hampshire State Government is small and efficient to provide friendly, courteous and timely services to those who seek information, assistance and relief if such is a part of New Hampshire state law and budget.

Should my office be of assistance within the Executive Branch of your state government, please write or call. It would be an honor to be of service to you in a friendly, courteous and timely manner!

## FOR THE 1994 ANNUAL REPORT

### LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use and transportation planning, master planning, environmental planning, capital improvement programming, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program or on a fee basis. The Commission also provides a framework to protect and further the interests of our communities with the state and federal government.

Your support helps the LRPC maintain a comprehensive regional planning effort and enables the Commission to perform various projects and activities for regional benefit. Over the past year the LRPC:

- o Provided consultation and assistance to thirty-one member communities.
- o Met repeatedly with federal and state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing programs.
- o Contracted and coordinated the 11th, and largest, regional household hazardous waste program in the Lakes Region serving over twenty municipalities in a one day super collection.
- o Sponsored fall and spring sessions of the N.H. Law Lecture Series.
- o Served as a Board Member of the Belknap County Economic Development Council, a county-wide initiative for economic betterment.
- o Initiated work on an innovative study of the Route 16 corridor from the seacoast to Errol, NH, in coordination with the N.H. Dept. of Transportation and three other regional planning commissions.
- o Completed a draft update of the regional housing needs assessment in the Lakes Region as mandated by state statute for local housing plans.
- o Initiated work on an agreement through the Scenic Byways program which will enable us to computerize and display historic sites using GIS and scanning technology for the benefit of the Lakes Region Heritage Tourism Roundtable.
